

Odyssey HealthCare Signs MedAssets to Implement its RCM Solutions

Industry News Release

March 9, 2010

ATLANTA, Mar 09, 2010 (BUSINESS WIRE) -- **MedAssets** (NASDAQ: MDAS) announced today that Dallas-based Odyssey HealthCare, Inc. (NASDAQ: ODSY), one of the largest providers of hospice care in the United States, has signed a multi-year agreement to use **MedAssets'** Web-based revenue cycle management solutions to improve cash flow and business office efficiency and to ensure reimbursement integrity.

Odyssey HealthCare operates 89 facilities across 30 states. Odyssey selected **MedAssets** based on the Company's flexibility to serve a non-acute provider with solutions that drive efficiency. Odyssey will employ **MedAssets'** claims management product suite, in addition to its denial management and receivables management solutions.

"**MedAssets** offered the solutions to meet the needs of our unique business model," said R. Dirk Allison, Senior Vice President and Chief Financial Officer at Odyssey Health. "By using the **MedAssets** solutions, we hope to realize additional financial improvement and optimize cash flow along with increased visibility into our revenue cycle functions."
